Sir:

Applicant[s] submit[s] herewith patents, publications or other information (attached hereto and listed on Form PTO-1449) that he believes may be material to the patentability of one or more claims of the above-identified application and in respect of which there may be a duty to disclose in accordance with 37 CFR 1.56.

While this Information Disclosure Statement may be "material" pursuant to 37 CFR 1.56, it is not intended to constitute an admission that any patent, publication or other information referred to therein is "prior art" for this invention, unless specifically designated as such, as provided in 37 C.F.R. 1.97(h).

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56 exists.

As required under 37 CFR 1.98(a)(3), a concise explanation of the relevance of each submitted item of information that is not in the English language is set forth below:
